100 bulbs of each, these 10 varieties.....	85.00

TULIPS

We have numbered our varieties to make it easier to choose a selection for your own garden, from one of the largest existing collections in the country.

Fall planting bulbs of all descriptions will still be scarce due to shortages here and abroad. And we therefore urge every one to place their order early to avoid disappointment.

The number after the name of the tulip designates the approximate height of that variety at blooming time. The letters following the height indicate as follows:

E — Early blooming. M — Medium blooming.

L — Late blooming.

V No.		1/2 doz.	doz.	100
.... 1	Pride of Haarlem: 27", L, American beauty red.....	\$0.50	\$1.00	\$8.00

DUTCH IRIS

A new and early flowering rose coming into bloom just after the tulips are gone. The flowers are large, resembling the orchids and are distinctive and brilliant in color. Flowers are heavy texture and when cut have wonderful keeping qualities; bulbs should be planted in the fall, five inches deep on well drained soil, with slight protection after freezing weather sets in.

	Each	Doz.	100
Imparator: rich dark blue with yellow blotch, very large	\$0.50	\$3.50	
White Excelsior: rich snow white.....	.50	3.50	
Yellow Queen: pure deep yellow.....	.50	3.50	

NARCISSUS OR DAFFODILS

In order to have a beautiful bulb garden, Narcissus should be planted very freely. They thrive in practically any climate in the United States.

They are not only excellent for outdoors, but millions are used every year for forcing indoors. Their graceful form and beautifully shaped trumpets and cups, the long straight stems have made them favorites for cut flower purposes with every American gardener.

We have compiled a list of varieties which are favorites among the gardeners, and for those who wish to force them.

	Doz.	100
Cheerfulness: (double white) a cluster flowering daffodil	\$1.25	\$9.00

OUR GUARANTEE

We unconditionally guarantee every bulb we ship out to be strictly top size, and to be absolutely true to name. All bulbs shipped by us will grow and bloom under ordinary conditions. We have, however, no control over unfavorable weather or soil condition, improper planting, neglect, moles, or mice, and therefore cannot assume responsibility after they reach you. Stock not reaching you in first-class condition should be reported within ten days after received, and will be replaced free of charge if so received. After ten days it is mutually agreed that stock is satisfactory. Do not return bulbs or plants unless so instructed by us.

HOW WE DO BUSINESS

All orders of \$5.00 or more will be shipped fully prepaid if cash is included with order. Smaller orders must include an additional charge of 15 cents to cover cartage and postage. C.O.D. shipments — We will book your order on receipt of 25% of the amount of the order. The bulbs will be shipped C.O.D. including transportation charges. We supply one bulb, of one-tenth of a dozen rate, six of one variety at the dozen rate, 25 of one variety at the 100 rate. We guarantee every bulb to be top size.

PLANTING TABLE

Number of Bulbs Required to Plant Circular Beds

Diameter of Bed	4 in. Apart	6 in. Apart	8 in. Apart
3-feet	90	36	-----
4-feet	120	48	37
5-feet	220	84	69
6-feet	260	120	78
7-feet	400	160	96
8-feet	460	210	127
9-feet	630	260	156
10-feet	710	325	190
11-feet	900	390	240
12-feet	1000	460	270

For an oval bed add length and breadth and divide by two. For example a 10 x 6-ft. oval bed requires as many plants as a round bed 8 ft. in diameter.
